

Aflac Group Hospital Indemnity

INSURANCE

Even a small trip to the hospital can have a major impact on your finances.

Here's a way to help make your visit a little more affordable.

AFLAC GROUP HOSPITAL INDEMNITY

Policy Series C80000

The plan that can help with expenses and protect your savings.

Does your major medical insurance cover all of your bills?

Even a minor trip to the hospital can present you with unexpected expenses and medical bills. And even with major medical insurance, your plan may only pay a portion of your entire stay.

That's how the Aflac Group Hospital Indemnity plan can help.

It provides financial assistance to enhance your current coverage. So you may be able to avoid dipping into savings or having to borrow to address out-of-pocket-expenses major medical insurance was never intended to cover. Like transportation and meals for family members, help with child care, or time away from work, for instance.

The Aflac Group Hospital Indemnity plan benefits include the following:

- Hospital Confinement Benefit
- Hospital Admission Benefit
- Hospital Intensive Care Benefit and more

How it works

Amount payable was generated based on benefit amounts for: Hospital Admission (\$1,000) and Hospital Confinement (\$200 per day).

The plan has limitations and exclusions that may affect benefits payable. This brochure is for illustrative purposes only. Refer to your certificate for complete details, definitions, limitations, and exclusions.

Benefits Overview

BENEFIT AMOUNT

HOSPITAL ADMISSION BENEFIT per confinement (once per covered sickness or accident per calendar year for each insured)

Payable when an insured is admitted to a hospital and confined as an in-patient because of a covered accidental injury or covered sickness. We will not pay benefits for confinement to an observation unit, or for emergency room treatment or outpatient treatment.

\$1,000

We will not pay benefits for admission of a newborn child following his birth; however, we will pay for a newborn's admission to a Hospital Intensive Care Unit if, following birth, he is confined as an inpatient as a result of a covered accidental injury or covered sickness (including congenital defects, birth abnormalities, and/or premature birth).

HOSPITAL CONFINEMENT per day (maximum of 90 days per confinement for each covered sickness or accident for each insured)

Payable for each day that an insured is confined to a hospital as an in-patient as the result of a covered accidental injury or covered sickness. If we pay benefits for confinement and the insured becomes confined again within six months because of the same or related condition, we will treat this confinement as the same period of confinement. This benefit is payable for only one hospital confinement at a time even if caused by more than one covered accidental injury, more than one covered sickness, or a covered accidental injury and a covered sickness.

\$200

HOSPITAL INTENSIVE CARE BENEFIT per day (maximum of 30 days per confinement for each covered sickness or accident for each insured)

Payable for each day when an insured is confined in a Hospital Intensive Care Unit because of a covered accidental injury or covered sickness. We will pay benefits for only one confinement in a Hospital's Intensive Care Unit at a time. Once benefits are paid, if an insured becomes confined to a Hospital's Intensive Care Unit again within six months because of the same or related condition, we will treat this confinement as the same period of confinement.

\$1,000 per day for the first day

\$200 per day for each day after the first

This benefit is payable in addition to the Hospital Confinement Benefit.

SUCCESSOR INSURED BENEFIT

If spouse coverage is in force at the time of the employee's death, the surviving spouse may elect to continue coverage. Coverage would continue according to the existing plan and would also include any dependent child coverage in force at the time.

In order to receive benefits for accidental injuries due to a covered accident, an insured must be admitted within six months of the date of the covered accident (in Washington, twelve months).

LIMITATIONS AND EXCLUSIONS

PREGNANCY LIMITATION

State references refer to the state of your group and not your resident state.

Within the first nine months of the effective date of coverage, we will not pay benefits for a loss or injury that is caused by, or occurs as a result of, the Insured's pregnancy or childbirth. Loss or injury due to complications of pregnancy (see definition below) will be covered to the same extent as a covered sickness.

After this coverage has been in force for nine months from the effective date of coverage, benefits for a loss or injury that is caused by, or occurs as a result of, the insured's pregnancy or childbirth will be payable.

Complications of Pregnancy refers to:

Conditions requiring treatment that takes place during or after a pregnancy. The diagnoses for this treatment must be distinct from pregnancy but either adversely affected by pregnancy or caused by pregnancy. For a condition to be a complication of pregnancy, it must constitute a classifiably distinct pregnancy complication. Examples of such complications of pregnancy are:

- Acute nephritis,
- Nephrosis,

- Cardiac decompensation,
- Missed abortion,
- Disease of the vascular, hemopoietic, nervous, or endocrine systems,
- Hyperemesis gravidarum and pre-eclampsia requiring Hospital Confinement,
- Ectopic pregnancy that is terminated,
- Spontaneous termination of pregnancy that occurs during a period of gestation in which a viable birth is not possible, and conditions of comparable severity.

Complications of Pregnancy do not include the following conditions:

- Multiple gestation pregnancy
- False labor
- Occasional spotting
- Morning sickness
- Cesarean delivery unrelated to a diagnosed complication of pregnancy

Any other condition that may be associated with pregnancy but has not been diagnosed by a doctor as a complication of pregnancy as defined in this plan.

TERMS YOU NEED TO KNOW

A Covered Accident is an accident that occurs on or after an insured's effective date while coverage is in force, and that is not specifically excluded by the plan.

Dependent means your spouse or dependent children, as defined in the applicable rider, who have been accepted for coverage. Spouse is your legal wife, husband, or partner in a legally recognized union. Refer to your certificate for details.

Dependent Children are your or your spouse's natural children, step-children, grandchildren who are in your legal custody and residing with you, foster children, children subject to legal guardianship, legally adopted children, or children placed for adoption. Newborn children are automatically covered from the moment of birth for 60 days. Newly adopted children are automatically covered for 60 days also. See certificate for details. Dependent children must be younger than age 26 (and in Louisiana, unmarried), however this limit will not apply to any

insured dependent child who is incapable of self-sustaining employment due to mental or physical handicap and is chiefly dependent on a parent for support and maintenance.

Doctor is a person who is duly qualified as a practitioner of the healing arts acting within the scope of his license, and: is licensed to practice medicine; prescribe and administer drugs; or to perform surgery, or is a duly qualified medical practitioner according to the laws and regulations in the state in which treatment is made.

In Montana: For purposes of treatment, the insured has full freedom of choice in the selection of any licensed physician, physician assistant, dentist, osteopath, chiropractor, optometrist, podiatrist, licensed social worker, psychologist, licensed professional counselor, acupuncturist, naturopathic physician, physical therapist, or advanced practice registered nurse.

A Doctor does not include you or any of your Family Members. For the purposes of this definition, Family Member includes your spouse as well as the following members of your immediate family: son, daughter, mother, father, sister, or brother. In South Dakota, however, a doctor who is your family member may treat you if that doctor is the only doctor in the area and acts within the scope of his or her practice.

A Hospital is not a nursing home; an extended care facility; a skilled nursing facility; a rest home or home for the aged; a rehabilitation facility; a facility for the treatment of alcoholism or drug addiction (except in Vermont); an assisted living facility; or any facility not meeting the definition of a Hospital as defined in the certificate.

Sickness means an illness, infection, disease, or any other abnormal physical condition or pregnancy that is not caused solely by, or the result of, any injury (In Maine, illness or disease of an insured). A Covered Sickness is one that is not excluded by name, specific description, or any other provision in this plan. For a benefit to be payable, loss arising from the covered sickness must occur while the applicable insured's coverage is in force (except in Montana).

Treatment is the consultation, care, or services provided by a doctor. This includes receiving any diagnostic measures and taking prescribed drugs and medicines. Treatment does not include telemedicine services (except in Kansas).

You May Continue Your Coverage

Your coverage may be continued with certain stipulations. See certificate for details.

Termination of Coverage

Your insurance may terminate when the plan is terminated; the 31st day after the premium due date if the premium has not been paid; or the date you no longer belong to an eligible class. If your coverage terminates, we will provide benefits for valid claims that arose while your coverage was in force. See certificate for details.
